# NATURAL RESOURCES

Michael L. Parson, Governor

Carol S. Comer, Director

JAN 04 2019

Mr. David Warren, CEO/Analyst  
Environmental Analysis South (Lab #660)  
4000 East Jackson Boulevard  
Jackson, MO 63755

Dear Mr. Warren:

Your response to the Missouri Department of Health's evaluation and recommendations made in their December 14, 2018, report of investigation of the bacteriological examination of your laboratory has been reviewed. Your response is adequate and Environmental Analysis South of Jackson, Missouri, is approved under the provisions of the Public Drinking Water Regulations to perform bacteriological analyses for the following parameters:

**Total Coliform                      *E. coli*                      Heterotrophic Plate Count**

Enclosed, please find a certificate of approval and a certified parameter list for your laboratory. The certified parameter references the parameters, methods of analysis, and personnel that have been approved by the State of Missouri to complete bacteriological testing for public water supplies. Your certification will expire on February 28, 2022, and is contingent upon no changes being made with the approved methods, analysts, or equipment.

Should there be any changes to your certification status, please notify this office within 30 days. Any notifications or inquiries related to the approval may be directed to Ms. Ellen Harrel of my staff, who may be reached at P.O. Box 176, Jefferson City, MO 65102, or by telephone at 573-751-1077. Thank you.

Sincerely,

WATER PROTECTION PROGRAM

David J. Lamb, Chief  
Public Drinking Water Branch

DJL/eh
